Reliable IT Hardware Solutions New & Used Hardware

SHERLOCK SERVICES

Providing Support Experience and Dedication Since 1991 for Multi-Vendor Data Centers

Sherlock Services provides premier infrastructure services and hardware for Storage, Servers, Networking Systems and Printers. Our hardware sales and support solutions include 3PAR, Hitachi, Nimble, Nexsan, HPE, Dell EMC, Compellent, NetApp, IBM, SUN and more. The Sherlock Services Mission is to support our customer's infrastructure so they can operate 24x7x365 without interruption to their business.

NEED DATA CENTER RELOCATION?

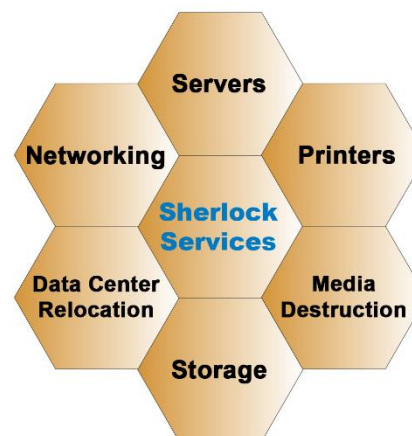

Sherlock Services can design an action plan to minimize downtime, control spending, reduce liability, and provide a smooth transition. We can move a single system or a whole computer room. Whether it's between buildings on the same campus or across the country we can get you where you need to be.

Sherlock Services has hardware components and complete systems for most manufacturers including:

- | | | | |
|--------|-----------|----------|--------------|
| ■ HPE | ■ IBM | ■ Nimble | ■ Aruba |
| ■ Dell | ■ Hitachi | ■ NetApp | ■ Brocade |
| ■ EMC | ■ 3PAR | ■ Cisco | ■ And others |

Our Commitment to You

- If it's not in our inventory, we have access to partner networks to source your equipment.
- Our IT equipment is rigorously tested for quality assurance and its performance is guaranteed. All refurbished equipment is wiped clean of data and reset to factory defaults.
- Products often ship same or next day.
- We can provide service for your hardware purchase with our Third Party Maintenance (TPM) offerings.

When it comes to supporting IT, we're at your Service.
